

Your email address will become your PetLink User Name, used to login to your personal account.

You will be asked to create a minimum 5 character password.

You may also complete your registration by calling 1-877-PETLINK (1-877-738-5465). An operator assistance fee may apply.

For pet owners with existing personal accounts

- Visit www.petlink.net (be sure to enter .net)
- Login to your account
- Select "Register New Pet" on the left menu

Remember that the microchip cannot do its job if your pet is not registered in the PetLink database. The Microchip only contains an identification number; without accurate registration information associated with the microchip, your pet may not be returned to you if lost!

Don't wait! Register your pet with PetLink for only \$9.99! This is 50% off the standard price! The sooner, the better!

Don't forget to use promo code ADOPTAPET to redeem your discount!

If you received a barcode label that corresponds to your pet's microchip, we suggest you place it here for reference or write the microchip number.

PetLink Benefits:

- Lifetime registration for your pet with no renewal fees
- 24/7/365 access to the PetLink Recovery Hotline
- Free information updates
- Free lost pet posters, complete with your pet's photo
- Useful tips and offers
- Travel tips and recommendations for domestic and international travel with your pet
- The PetLink Store, where you can purchase pet care items personalized with your pet's microchip ID
