

PROSECUTING ATTORNEY
STATE OF ARKANSAS | SIXTH JUDICIAL DISTRICT
LARRY JEGLEY

November 1, 2022

Mr. Tom Carpenter
Little Rock City Attorney
500 West Markham Street, Suite 310
Little Rock, Arkansas 72201

Dear Tom:

I have had about enough of this nonsense with Little Rock City Hall about the Freedom of Information Act. As Director Capi Peck was quoted in today's Democrat Gazette article, the whole situation STINKS.

This office has attempted to remain circumspect and balanced with regard to numerous complaints filed with us regarding alleged FOIA violations, cognizant of the fact that "politics" and other factors would be cited to divert attention from the seriousness of the allegations. We have waited patiently for city officials to address the concerns, but are approaching the point of exasperation.

What do you know about the situation described in Joseph Flaherty's article? What is being done to address the numerous claims that the city is violating the FOIA and, indeed, perhaps destroying or secreting documents which should be disclosed pursuant to the FOIA? Rest assured that this office will not cease upholding its obligation to enforce the FOIA, election or not. Your prompt response is expected.

Sincerely,

A handwritten signature in blue ink, appearing to read "Larry Jegley", is written over a faint, larger version of the signature.
